OUTREACH

Paul & Bella Gervasi

Indonesia

In last week's outreach, we mentioned a number of people in the village where the Gervasis live needing to get treatment for rabies after being bitten by a dog. In his most current letter, Paul gave an update that we can praise the Lord for. All of the people who needed treatment were able to get it and the government ended up paying for all of it!

Paul also included an update on the prospective elder who disqualified himself. He writes, "Some of you have asked about him. He has seemingly gotten more angry and more hostile as time has gone by. He is trying to start a church in the area he lives in. A few folks from church have decided to join him. He also owns the land that the building for the kid's program sits on. He has made it clear he will not sell it to us at any price. In the end, we decided to buy some land and move the building. Bella and I bought some land and left money to tear down the old building and rebuild it on the new land. It is a lot of work, but it seems best to do this while we are gone. The situation is sad. Thank you so much for your continued prayers for us and the Sekadau people."

Thank you for faithful and gracious giving!
